

ENVIRONMENT POLICY

We at PRIMO CHEMICALS are committed to;

- * Carry out our activities in a controlled and environmentally friendly manner to prevent pollution
- * Continually improve PRIMO CHEMICALS's environmental performance by reduction in use of natural resources including hydrocarbons, key raw materials and water
- * Promote Reduce, Reuse, Recycle of process waste as practically as possible
- * Managing cost structure through efficient and eco-friendly technologies
- * Comply with applicable and other requirements
- * Improve Environmental Awareness, Skill and Technique from present status.
- * Encourage Collaboration, Involvement and Communication with relevant stake holders
